# John M. Perkins Foundation MISSION TEAM EXPERIENCE

## What we do

The Perkins Foundation is located in the heart of West Jackson, an area infested with crime and drugs and burdened with a loss of hope. Our mission is to be a Christlike example to the children and families in our neighborhood while meeting their physical, emotional and spiritual needs. By partnering with teams like yours we hope to spread our mission across America!

## How we do it

Our process begins when people like you come to Jackson for weeklong mission trips to help rehab houses for our Zechariah 8 Community Project (Z8). Z8 is designed to give single-parent families a safe, clean, affordable place to raise their children. Those children are then involved in our youth and leadership development programs throughout the year. It all starts with people just like you!

## Why we want you

While you're here you will be the hands and feet of Jesus — making His light shine brighter in our community. You will also be confronted with the problems facing America's cities. You will explore the history, culture and struggles of the South and begin to discover what racial and cultural reconciliation really means. Each year we host around 600 people just like you — come join us!

## Work Projects

During your week you will work on various projects. These include rehabbing our Zechariah 8 homes, working on our seven-acre campus and assisting elderly residents of our West Jackson community. You'll get dirty and have fun doing it — we guarantee it!

## Discussion and Learning

Our staff leads discussions on issues like entitlement vs. gratitude, the meaning of missions, Biblical reconciliation and our role as Christians as agents of Jesus' life-changing love. We want you to bring your experience back to your family, school, city, and church.

## Tour the Birthplace of CCD

Our History Tour will give you the historical context behind the present day injustices of racism, poverty and oppression. Before your tour our staff will give you a crash course on the civil war, segregation, and the civil rights movement of the 1960s. You will experience historical sites in Jackson and Mendenhall, including the home of slain civil rights activist Medgar Evers and the early ministry of the Perkins family. Join us and see what life is like on the other side of the tracks.

## Dr. John Perkins

You will have the opportunity to sit down with Dr. Perkins, one of the originators of the Christian Community Development movement. During a morning Bible study or evening dinner, your team will be able to ask Dr. Perkins about reconciliation, justice and issues facing America's cities. No one has more friends than Dr. Perkins — become one of them!
